

Being done / Been done

Are any interesting events being held in your town this month?

Are any good films being shown in the cinema at the moment?

What is being done in your country to help improve the environment?

Have you been invited anywhere interesting this weekend?

Have you ever been bitten by a dog or other animal?

Have you ever been filmed for television? For which programme?

Is anything being delivered to your house later this week?

Are you being watched by anyone right now?

Are you being treated well by your teacher today?

Has your phone ever been stolen?

Has anything new been built in your town or city recently?

What is the best present you have ever been given?
